Three Accessories for Total Access

LiftMaster® Universal accessories give you multiple ways to access your garage or gate—no matter what you're doing. With all three, there's a solution for every situation—whether you're in the car, on a bike ride or just out for a walk. Plus, every accessory is backed by a 1-year limited warranty so you can rely on them day in, day out.

2-Button Universal Remote Control 375UT

This visor clip remote is a convenient way to replace or consolidate your remotes.

Visor clip included for accessible placement within your vehicle

Operates two different garage door brands and/or codes at the same time

Safeguards your household with Security+ 2.0®—every click sends a new code to the garage door opener so it only opens for you

Mini Universal Remote Control 374UT

Our keychain makes getting in and out of your garage quick and easy.

Perfect for:

- Giving access to someone you trust
- Letting the kids in after school
- Biking, walking the dog or taking the motorcycle out

ACTUAL SIZE

Compact and easily portable for on-the-go activities

Provides temporary access for a nanny, neighbor or frequent guest

Operates two different garage door brands and/or codes at the same time

Safeguards your household with Security+ 2.0®—every click sends a new code to the garage door opener so it only opens for you

Universal Keyless Entry 387LM

This keypad lets you get in and out of your garage with a simple 4-digit code that you choose.

Bright, illuminated backlighting makes it easy to read in the dark

Keyless, wireless design enables you to open and close your garage door with a code that you program

Slide-up weatherproof cover protects against the elements
